V107-13	CDBG Payment of Bills Advanced Excavating/Kenton \$25,800
1 st -Striker	2 nd -Rush Roll call: Striker-yes, Rush-yes

John Folk, **Job & Family Services** Director, gave a monthly update. They are closing out state funds. If any available at the end of year he can transfer to Family & Children First Council, he will be doing this by the end of September. July unemployment was 6.6%, could be college students. The JOBS center is at the Fair all week. JFS is working with a homeless person for a job and housing. Notice of Intent on the Transportation bid date is tomorrow. Hope to start the new contract October 1. Area Agency 3 is interested in working with Hardin on Adult Protective Services. John plans on moving forward with a contract.

Mike and Michelle Laubis discussed their concerns and shared some tools with the Commissioners regarding "Doctrine of the Lesser Magistrate" they believe is already built into the system and any new law is null and void. Candice Keller, Butler County, shares information on the "Doctrine of the Lesser Magistrate." An American View of the Constitution, American Patriot 1776. Michelle read a "Script" on commissioners oath, face masks and mandates on a medical device. They asked that the notice on the courthouse doors be removed. It was explained the Judge posted and he has that right. Michelle noted the Judge is not a Doctor, this is a public building and have to allow people to come in, there are class action law suits-who know what comes down from that. The ORC says this is a fifth degree felony. They are here to share information. We have gone thru COVID, nothing else like it. You are in a position of power. Most places are not requiring masks, voluntary. Mike drives bus and has few to no masks after the second week of school. He comes to commissioners meetings because citizens have to stand up, reason and debate. We have no power in Washington DC. We can affect change at the local level. We feel called to share. You have the power and responsibility. Would Commissioners consider a resolution/county ordinance: Restoration of Constitutional Freedom Through Local Government Nullification to be placed on the books? They understand the Sheriff has no intent to arrest anyone. They believe wearing masks, vaccines, and closing schools has been detrimental. A lot of propaganda on if the vaccine really helps. The numbers do not meet the percentage of the population to determine an epidemic/pandemic. The Governors said it was a pandemic. Reference: the ebola issues where they shut down and only had two cases. Put the decisions back between the patient and the Doctor.

The **Ottawa River Watershed Joint Board** met by phone conference to certify the maintenance assessment on the Ottawa River Watershed. Jordan with Allen Soil & Water request a reassessment of the parcels of the watershed. \$57,905.09 in the fund and request \$2.00 per parcel. Commissioner Schrader/Putnam moved to approve the \$2.00 per parcel for the next four years. Hancock County Commissioner second. Roll call: all yes.

Roll call resulted as follows:

ROGER E. CROWE-ABSENT
President of the Board-Roger E. Crowe

_____, YES/NO
Timothy L. Striker

_____, YES/NO
Fred M. Rush

Attest _____
Clerk of the Board
